A HEALTHY APPROACH TO BENEFITS

Eisenhower has always been on the forefront in pioneering innovative ways of delivering exceptional health care to members of our community. As such, the benefit package offered to benefit eligible employees is one of the most advanced programs in the health care industry today.

This guide gives you the information you need to make your decisions. It includes highlights about the plans and what you pay for most benefits. Our program provides you with the opportunity to choose the combination of benefits that best meet your personal and family needs. Please read it carefully along with any supplemental materials you receive.

Benefit Costs

Regardless of which plans you select, Eisenhower pays a large portion of your benefit program costs. Please refer to the Benefit Costs on pages 30-32 for the payroll contributions required for enrollment in the various Eisenhower benefit plans. If you have questions, please contact the Human Resources Department at 760.837.8500.

The Tax Advantage

As you know, every dollar you earn is subject to a variety of taxes: income tax, Social Security tax, state and local taxes, etc. Using pre-tax earnings means using tax-free dollars. Basically, the IRS allows you to spend a portion of your gross pay to purchase certain employee benefits before taxes are deducted (except Social Security tax). When contributions are deducted on a pre-tax basis, you are subject to IRS restrictions on when you may start, stop or change to your benefit selections (see Qualifying Event Status Change on page 5).

How the Program Works

With the Eisenhower benefits program, you have the opportunity to make new benefit choices each year. The choices you make should reflect your needs for financial protection and security.

Qualifying Event Status Change

During the year, you may change or drop your coverage, or add or remove dependents ONLY in the event you have a qualifying event change in status. Under the current IRS code that governs our benefits program, you can change your pretax benefit choices within 30 days under the following circumstances:

- You get married or registered by the state of California (or another state) as a domestic partner, legally separated, divorced or your marriage is annulled.

Open Enrollment

Each year there is an open enrollment period during which you will choose the benefits you want for the upcoming plan year (July 1 - June 30). It is important to choose your benefit options carefully because the choices you make will be fixed for the entire plan year and cannot be changed unless you experience a qualifying event status change.

In addition, you will need to re-enroll in the Flexible Spending Accounts each year in order to participate. Your current FSA elections will not roll over to the following plan year.

Furthermore, Open Enrollment is the only time in the year you can elect a Paid Time Off (PTO) Cash Out (if you meet the eligibility requirements).

Benefit Eligible New Hires

Fill out an enrollment form and submit it to the HR Department within 14 days of your hire date. Benefits orientation is held during your general new hire orientation.

You must report qualified status changes (including newborns) that affect your benefit elections to the Human Resources Department within 30 days of the occurrence.

Remember, the choices you make as a new hire will be fixed for the remainder of the plan year and cannot be changed until the next open enrollment period unless you experience a qualified change in status.

If You Don't Enroll

If you are eligible to participate in the Eisenhower benefits program, but fail to enroll by the specified deadline, you will not be eligible to enroll until the next Open Enrollment period, and you will receive the following default benefits:

- Basic Employee Life Insurance
- Basic Employee Accidental Death and Dismemberment (AD&D) Insurance
- Employee Only Medical Coverage with corresponding Non-Wellness Deductions

Taking Care of Your Health

To keep you and your family living a healthy, happy life, Eisenhower is pleased to offer quality medical coverage that provides choice, flexibility and affordability. The Eisenhower Benefits Program allows eligible employees to enroll in medical coverage under the Eisenhower Anthem Blue Cross Prudent Buyer Preferred Provider Organization (PPO) Plan.

Eisenhower Anthem Blue Cross PPO Plan

The Eisenhower Anthem Blue Cross Prudent Buyer PPO Plan is like three plans in one. Each time you need medical treatment, you have the freedom to decide where you receive your treatment. This plan gives you three choices. You can use:

- **Tier 1:** Eisenhower and ancillary services, and Eisenhower physicians who are also Anthem Blue Cross Prudent Buyer PPO network providers.

To locate a Tier 1 physician, select an Eisenhower physician from the Medical Staff Roster (IkeNet or EMC.org) and verify with the physician's office that they accept Anthem Blue Cross.

Please note: Benefits will only be paid at Tier 1 level at Eisenhower facilities regardless of where you reside.

- **Tier 2:** Other Anthem Blue Cross Prudent Buyer PPO network providers (non-Eisenhower).
- **Tier 3:** Providers who do not participate in the Anthem Blue Cross Prudent Buyer PPO network (some Eisenhower physicians may fall in the Tier 3 category). The choice is always yours. Highlights of the Eisenhower Anthem Blue Cross Prudent Buyer PPO Plan are shown in the chart on pages 8-10. See plan materials for complete details.

IMPORTANT! Many of our Eisenhower physicians are in the Anthem Blue Cross Prudent Buyer PPO network. However, due to frequent changes, you should ALWAYS verify that your Eisenhower provider is also contracted with Anthem Blue Cross before obtaining services / treatment. If your Eisenhower physician is not also an Anthem Blue Cross Prudent Buyer PPO provider, the plan may pay benefits at the Tier 3 level. You may access Anthem Blue Cross of California Provider Finder at www.anthem.com/ca.

Taking Care of Your Health (continued)

You may access the Plan Document/Summary Plan Description on the Personal Choices website at www.keenan.com/personalchoices (see page 33).

You must obtain approval in advance for all transgender services in order for these services to be covered by the plan. Benefits are not payable for these services if prior approval has not been obtained. For more information, please contact Keenan at 888.773.7215.

Anthem Blue Cross Utilization Review

When you are enrolled in the Eisenhower Anthem Blue Cross PPO Plan, you must receive approval before any hospitalization or outpatient surgery at an ambulatory surgical center. The Anthem Blue Cross Utilization Review program helps ensure that your medical treatment, including the length of your hospital stay, is appropriate given the nature of your illness or injury. If you do not follow the Anthem Blue Cross Utilization Review procedures, plan benefits may be significantly reduced and an additional penalty deductible may apply. See the Quick Reference Guide on page 45 of this booklet for Anthem Blue Cross Utilization Review contact information.

Medical (continued)

Anthem Blue Cross Imaging Management Program

This program provides real-time clinical review of advanced diagnostic imaging (CT, MRI, Nuclear Cardiology and PET) performed in an outpatient setting.

It is your responsibility to see that your physician starts the pre-authorization process before scheduling you for any service subject to the utilization review process. If you receive any such service without going through the utilization review process, you will be subject to a \$300 non-compliance penalty. The pre-authorization is performed by American Imaging Management (AIM) through Anthem Blue Cross. Providers can call the Anthem UM number at 800.274.7767 or AIM directly at 847.564.8500.

A Provider Web portal (www.americanimaging.net) is also available for the ordering physician to submit pre-authorization requests and receive approvals on a real time basis.

Bariatric Surgery Criteria

- **Pre-Surgery Counseling:** Candidates for bariatric surgery are required to undergo an orientation program. In addition, successful completion of such sessions in advance of approving coverage for bariatric surgery is required.
- **Physician's Statement:** The patient's physician should present written documentation of at least a 12 month good faith effort to lose weight, prior to the surgery.
- Lowest copay if the Bariatric Surgery is performed at Eisenhower.

Spousal / RDP Surcharge

A surcharge will be added to your employee contribution if your spouse / registered domestic partner is eligible for and has the opportunity to be enrolled in group insurance from another company. If you elect to have them participate in the Eisenhower Anthem Blue Cross PPO Plan instead of the plan offered to them through their employer, there will be a \$50 per pay period surcharge.

Declining Medical Coverage

You may decline coverage under the Eisenhower Anthem Blue Cross PPO Plan by completing the waiver section in the enrollment form. You must have other medical coverage to be able to decline coverage in the Eisenhower Anthem Blue Cross PPO Plan.

A full-time employee who declines coverage will receive a \$35 credit in each paycheck where normal benefit deductions are taken in lieu of benefits.

A part-time employee may also decline coverage and must have other medical coverage. However, you are not eligible to receive a credit in your paycheck for declining coverage.

Deductible Carry-Over

Covered medical expenses incurred in the last three months of a Calendar Year and applied toward that year's Deductible, can be carried forward and applied toward the Covered Person's Deductible for the next Calendar Year.

Prescription Drugs (continued)

Step Therapy

For some of the more common conditions there are many drug choices available. The Express Scripts Step Therapy Program encourages cost-effective choices through a letter-based Prior Authorization process. First-line drugs are automatically allowed and include generic or preferred brand name. Second-line products would include higher cost products, or non-preferred brand name medicine. If you attempt to purchase a second-line drug first, the purchase will be denied with a message to try a first-line alternative. Express Scripts will immediately send you a letter that outlines choices you can discuss with your doctor. (In order to start a second line drug first, your physician would need to establish a medical necessity for that product and secure Prior Authorization through Express Scripts.)

Drug Quantity Limits

The Drug Quantity Management program manages prescription costs by ensuring that the quantity of units supplied for each copay are consistent with clinical dosing guidelines as recommended by the Food & Drug Administration (FDA). The program is designed to support safe, effective, and economic use of drugs while giving patients access to quality care. Express Scripts clinicians maintain a list of quantity limit drugs, which is based upon manufacturer-recommended guidelines and medical literature. Online edits help make sure optimal quantities of medication are dispensed per copay and per days' supply.

Prior Authorization

Prior Authorization is a program that helps you get the prescription drugs you need with safety, savings and — most importantly — your good health in mind. It helps you get the most from your healthcare dollars with prescription drugs that work well for you and that are covered by your pharmacy benefit. It also helps control the rising cost of prescription drugs for everyone in your plan. The program monitors certain prescription drugs to ensure that you are getting the appropriate drugs for your disease state. It works much like healthcare plans that approve certain medical procedures before they're done, to make sure you're getting tests you need: If you're prescribed a certain medication, that drug may need a "prior authorization." It makes sure you're getting a cost-effective drug that works for you. For instance, prior authorization ensures that covered drugs

are used for treating medical problems rather than for other purposes.

Prior authorization will be required for certain medications. If you have questions on a particular drug, please contact Customer Service or visit express-scripts.com to perform a coverage check. Please have your doctor call Express Scripts at 800.753.2851 to go through clinical review of your medication, if it is subject to prior authorization. This review will take approximately nine (9) minutes via phone. Your doctor may also log on to Esrx.com/PA to complete this review online. The online review takes about three (3) minutes.

Advanced Utilization Management

Advanced Utilization Management (UM) programs use a stepwise approach to manage patient drug utilization and your drug spend. They guide patients to safer, more cost-effective drug choices using clinically based criteria, designed to ensure that each choice reflects the right patient, right drug and right amount. Together, the Advanced Utilization Management programs, Prior Authorization, Step Therapy and Drug Quantity Management, constitute the primary means for curtailing drug spend.

Keenan Pharmacy Care Management (KPCM) Program

This program will help reduce your out of pocket prescription spend. KPCM is an innovative program which analyzes all of your prescription drugs and communicates with your doctor on quality of care and cost-saving opportunities. This program is an enhancement to your existing pharmacy benefit plan. There are no co-payment or formulary changes. At times, KPCM may call you to discuss pharmacy care options. These calls and your prompt reply will provide opportunities for you to save money. You may also choose to proactively call KPCM and complete a medication review which will begin the process of contacting your doctor to identify potential cost-savings. For questions regarding this program or to complete a proactive medication review, you may contact KPCM at 800.241.8440.

Your monthly LTD benefit payments continue for as long as you are no longer disabled or reach the maximum period of payment (whichever occurs first). Please refer to the chart above for your maximum period of payment.

Because you pay for Voluntary LTD on an after-tax basis, any Voluntary LTD payments you receive are not taxable as income.

Flexible Spending Accounts

The Patient Protection and Affordable Care Act of 2010 changed the rules pertaining to the purchase of over-the-counter (OTC) products using Flexible Spending Account (FSA) pre-tax funds. OTC drugs and medicines will no longer be reimbursable unless you have a Note of Medical Necessity (NMN) from your doctor. Items that are included in OTC are Advil, ibuprofen, cough syrup, cold medications, etc.

Participants can still use their FSA funds to purchase OTC items that are NOT considered a drug or a medicine, such as bandages, contact lens solution, etc.

An FSA allows you to save you money for certain health care and dependent care expenses by letting you pay with pre-tax dollars. There are two separate accounts.

Health Care Reimbursement Account (otherwise known as Flexible Spending Account)

The Health Care Reimbursement Account is designed specifically for medical, dental and vision care expenses you expect to incur during the plan year that are not covered or reimbursed by any health care plan. Health Care Reimbursement accounts are based on the Plan Year: July 1 through June 30.

In May 2005, the IRS has modified the "use it or lose it" rule that applies to the Flexible Spending Accounts. Employers are permitted to design cafeteria plans that enable participants to be reimbursed for claims incurred up to 2½ months after the close of the plan year. Eisenhower has adopted this extended grace period for the Health Care Flexible Spending Account. This extended grace period will not apply to the Dependent Care Flexible Spending Account.

If you have money left over in your Health Care FSA at the end of the 2016-2017 Plan Year, you will have an extra 2½ months to spend that money on eligible health care expenses. All participants will be allowed to set funds aside over a 12-month period and incur expenses over a 14½ month period. The grace period will run from July 1, 2017 to September 15, 2017 for incurred expenses. If you have any questions regarding the extended grace period, please contact your FSA Administrator, Keenan TPA, at 800.653.3626.

IMPORTANT NOTE

You may submit incurred expenses for any person who qualifies as a dependent on your income tax return. You do not have to cover that person under your medical plan.

Dependent Care Reimbursement Account

The Dependent Care Reimbursement Account allows you to pay for eligible dependent child care expenses on a tax-free basis. To be eligible, expenses must be:

- For the care of a child under age 13, or for the care of a disabled dependent of any age (an invalid parent, for example), and
- Necessary to enable you and your spouse / registered domestic partner to work or attend school on a full-time basis.

Funding Your Accounts

You may use the Health Care Reimbursement Account, the Dependent Care Reimbursement Account, or both. When you enroll, you decide how much money to contribute to your personal accounts for the coming year. These contributions are deducted from your paychecks 24 pay periods a year and deposited to your accounts. You may contribute up to:

- The Health Care Reimbursement Account: \$2,600 per year (or \$108.33 per paycheck);
- The Dependent Care Reimbursement Account: \$5,000 per year (or \$208.33 per paycheck);
- Minimum election amounts for each FSA: \$250 per year (or \$10.42 per paycheck).

Flexible Spending Accounts (continued)

Important IRS Rules

It is important to carefully choose how much money to place in your accounts due to the tax advantages both reimbursement accounts provide. The IRS has established the following strict guidelines for how they may be used.

- If you contribute pre-tax dollars to a reimbursement account and then do not use all of the dollars you deposit, you will lose any remaining balance in the account at the end of the plan year.
- After you enroll, you cannot change the amount in your accounts unless you have a qualified change in status (see page 5).
- You cannot transfer funds from one reimbursement account to the other.
- If you use a Dependent Care Reimbursement Account, the IRS will not allow you to take a dependent care credit on your tax return for reimbursed expenses. For some people, the tax credit may be greater than the savings from a Dependent Care Reimbursement Account. If you are in doubt about which is best for you, consult a professional tax advisor.

Receiving Your Reimbursement

You may receive reimbursement from your Flexible Spending Accounts by:

- Obtaining a Healthcare Reimbursement form from IkeNet / Human Resources or online on Personal Choices Web site.
- Completing the form and attaching copies of all receipts.
- Mailing / faxing to Keenan HealthCare at the address / fax number on the form.

Conducted by HealthFitness, a HIPAA-compliant external vendor using trained screeners, the biometric screening will provide information about your health status and risk for chronic conditions. The screening will assess your body mass index (BMI), percent body fat, blood pressure, cholesterol, triglycerides, and blood glucose. The onsite screenings will be held in a clinical setting to ensure privacy, and state-of-the-art biometric testing equipment will be used. Additionally, professional support and resources will be available from Eisenhower Wellness Institute's health coaches at each onsite event. Onsite biometric screening events will be held in April/ May 2017. Statement of Belief – Grandfather Status

Eisenhower Medical Center believes this coverage is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator:

Eisenhower Medical Center
39000 Bob Hope Drive
Rancho Mirage, CA 92270
760.837.8500

You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 866.444.3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Newborns and Mothers Health Protection Act (NMHPA)

A health plan which provides benefits for pregnancy delivery generally may not restrict benefits for a covered pregnancy Hospital stay (for delivery) for a mother and her newborn to less than 48 hours following a vaginal delivery or 96 hours following a Cesarean section. Also, any utilization review requirements for Inpatient Hospital admissions will not apply for this minimum length of stay and early discharge is only permitted if the attending health care provider, in consultation with the mother, decides an earlier discharge is appropriate.

Women’s Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. For more information, you should review the Summary Plan Description or call your Plan Administrator at 760.837.8500 for more information.

Grievance / Appeals

You have a right to two levels of appeal with our carriers, and a right to a response within a reasonable amount of time. However, also know that if a claim is not submitted within a reasonable time, the carriers have a right to deny that claim. The California Department of Managed Health Care (DMHC) is responsible for regulating health care plans. If you have a grievance against your health plan, you should first telephone your health plan and use your plan’s appeal process before contacting the DMHC. Please review each contract for specific procedures on how to submit an appeal to a claim. This does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency or that has not been satisfactorily resolved by your health plan, or that has remained unresolved for more than 30 days, you may call the DMHC for assistance. You may also be eligible for Independent Medical Review for an impartial review of medical decisions made by a health plan related to medical necessity, coverage decisions for treatments that are experimental in nature, and payment disputes for emergency or urgent medical services. The DMHC can be reached at 888.HMO.2219 (TDD 877.688.9891) or www.hmohelp.ca.gov.

Important Notices (continued)

Networks/Claims/Appeals

The major medical plans described in this booklet have provider networks with Anthem Blue Cross. The listing of provider networks will be available to you automatically and free of charge. You have a right to appeal denials of claims, and a right to a response within a reasonable amount of time. Claims that are not submitted within a reasonable time may be denied. Please review your summary plan description for more detail.

COBRA Continuation Coverage

This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "Qualifying Event." Specific Qualifying Events are listed later in this notice. After a Qualifying Event, COBRA continuation coverage must be offered to each person who is a "Qualified Beneficiary." You, your spouse, and your Dependent children could become Qualified Beneficiaries if coverage under the Plan is lost because of the Qualifying Event. Under the Plan, Qualified Beneficiaries who

elect COBRA continuation cover must pay for COBRA continuation coverage.

If you're an Employee, you'll become a Qualified Beneficiary if you lose coverage under the Plan because of the following Qualifying Events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an Employee, you'll become a Qualified Beneficiary if you lose your coverage under the Plan because of the following Qualifying Events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- The parent-Employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

WHEN IS COBRA CONTINUATION COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been notified that a Qualifying Event has occurred. The Employer must notify the Plan Administrator of the following Qualifying Events:

- The end of employment or reduction of hours of employment;
- Death of the Employee; or
- The Employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other Qualifying Events (e.g. divorce or legal separation of the Employee and spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you must notify the Plan Administrator within 60 days after the Qualifying Event occurs. You must provide this notice to Human Resources.

Important Notices (continued)

Life insurance, accidental death and dismemberment benefits and weekly income or long-term disability benefits (if part of the Employer's Plan) are not eligible for continuation under COBRA.

NOTICE AND ELECTION PROCEDURES

Each type of notice or election to be provided by a Covered Employee or a Qualified Beneficiary under this COBRA Continuation Coverage Section must be in writing, must be signed and dated, and must be furnished by U.S. mail, registered or certified, postage prepaid and properly addressed to the Plan Administrator.

Each notice must include all of the following items: the Covered Employee's full name, address, phone number and Social Security number; the full name, address, phone number and Social Security number of each affected Dependent, as well as the Dependent's relationship to the Covered Employee; a description of the Qualifying Event or disability determination that has occurred; the date the Qualifying Event or disability determination occurred on; a copy of the Social Security Administration's written disability determination, if applicable; and the name of this Plan. The Plan Administrator may establish specific forms that must be used to provide a notice or election.

ELECTION AND ELECTION PERIOD

COBRA continuation coverage may be elected during the period beginning on the date Plan coverage would otherwise terminate due to a Qualifying Event and ending on the later of the following: (1) 60 days after coverage ends due to a Qualifying Event, or (2) 60 days after the notice of the COBRA continuation coverage rights is provided to the Qualified Beneficiary.

If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage rights, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver will be an election of COBRA continuation coverage. However, if a waiver is revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered to be made on the date they are sent to the Employer or Plan Administrator.

HOW IS COBRA CONTINUATION COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the Qualified Beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered Employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation on behalf of

their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain Qualifying Events, or a second Qualifying Event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

DISABILITY EXTENSION OF THE 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. This disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If your family experiences another Qualifying Event during the 18 months of COBRA continuation of coverage, the spouse and Dependent children in your family can get up to 18 additional months of COBRA continuation of coverage, for a maximum of 36 months, if the Plan is properly notified about the second Qualifying Event. This extension may be available to the spouse and any Dependent children receiving COBRA continuation of coverage if the Employee or former Employee dies; becomes entitled to Medicare (Part A, Part B, or both); gets divorced or legally separated; or if the Dependent child stops being eligible under the Plan as a Dependent child. This extension is only available if the second Qualifying Event would have caused the spouse or the Dependent child to lose coverage under the Plan had the first Qualifying Event not occurred.

OTHER OPTION BESIDES COBRA CONTINUATION COVERAGE

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.HealthCare.gov.

IF YOU HAVE QUESTIONS

For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Address and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.HealthCare.gov.

KEEP YOUR PLAN INFORMED OF ADDRESS CHANGES

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

EFFECTIVE DATE OF COVERAGE

COBRA continuation coverage, if elected within the period allowed for such election, is effective retroactively to the date coverage would otherwise have terminated due to the Qualifying Event, and the Qualified Beneficiary will be charged for coverage in this retroactive period.

COST OF CONTINUATION COVERAGE

The cost of COBRA continuation coverage will not exceed 102% of the Plan's full cost of coverage during the same period for similarly situated non-COBRA Beneficiaries to whom a Qualifying Event has not occurred. The "full cost" includes any part of the cost which is paid by the Employer for non-COBRA Beneficiaries.

The initial payment must be made within 45 days after the date of the COBRA election by the Qualified Beneficiary. Payment must cover the period of coverage from the date of the COBRA election retroactive to the date of loss of coverage due to the Qualifying Event (or date a COBRA waiver was revoked, if applicable). The first and subsequent payments must be submitted and made payable to the Plan Administrator or COBRA Administrator. Payments for successive periods of coverage are due on the first of each month thereafter, with a 30-day grace period allowed for payment. Where an Employee organization or any other entity that provides Plan benefits on behalf of the Plan Administrator permits a billing grace period later than the 30 days stated above, such period shall apply in lieu of the 30 days. Payment is considered to be made on the date it is sent to the Plan or Plan Administrator.

The Plan will allow the payment for COBRA continuation coverage to be made in monthly installments but the Plan can also allow for payment at other intervals. The Plan is not obligated to send monthly premium notices.

The Plan will notify the Qualified Beneficiary in writing, of any termination of COBRA coverage based on the criteria stated in this subsection that occurs prior to the end of the Qualified Beneficiary's applicable maximum coverage period. Notice will be given within 30 days of the Plan's decision to terminate.

Such notice shall include the reason that continuation coverage has terminated earlier than the end of the maximum coverage period for such Qualifying Event and the date of termination of continuation coverage.

See the Summary Plan Description for more information.

Special Enrollment Rights Notice

CHANGES TO YOUR HEALTH PLAN ELECTIONS

Once you make your benefits elections, they cannot be changed until the next Open Enrollment. Open Enrollment is held once a year.

If you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your Dependents in this plan if there is a loss of other coverage. However, you must request enrollment no later than 30 days after that other coverage ends.

If you declined coverage while Medicaid or CHIP is in effect, you may be able to enroll yourself and / or your Dependents in this plan if you or your Dependents lose eligibility for that other coverage. However, you must request enrollment no later than 60 days after Medicaid or CHIP coverage ends.

If you or your Dependents become eligible for Medicaid or CHIP premium assistance, you may be able to enroll yourself and / or your Dependents into this plan. However, you must request enrollment no later than 60 days after the determination for eligibility for such assistance.

If you have a change in family status such as a new Dependent resulting from marriage, birth, adoption or placement for adoption, divorce (including legal separation and annulment), death or Qualified Medical Child Support Order, you may be able to enroll yourself and / or your Dependents. However, you must request enrollment no later than 30 days after the marriage, birth, adoption or placement for adoption or divorce (including legal separation and annulment).

Medicare Part D – Important Notice About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Eisenhower Medical Center and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Eisenhower Medical Center has determined that the prescription drug coverage offered by the Eisenhower Medical Center Medical Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

WHEN CAN YOU JOIN A MEDICARE DRUG PLAN?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current Creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

WHAT HAPPENS TO YOUR CURRENT COVERAGE IF YOU DECIDE TO JOIN A MEDICARE DRUG PLAN?

If you decide to join a Medicare drug plan, your current Eisenhower Medical Center coverage may be affected.

If you do decide to join a Medicare drug plan and drop your current Eisenhower Medical Center coverage, be aware that you and your Dependents may not be able to get this coverage back.

WHEN WILL YOU PAY A HIGHER PREMIUM (PENALTY) TO JOIN A MEDICARE DRUG PLAN?

You should also know that if you drop or lose your current coverage with Eisenhower Medical Center and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without Creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without Creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

FOR MORE INFORMATION ABOUT THIS NOTICE OR YOUR CURRENT PRESCRIPTION DRUG COVERAGE

Contact the person listed below for further information. NOTE: You will get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Eisenhower Medical Center changes. You also may request a copy of this notice at any time.

FOR MORE INFORMATION ABOUT YOUR OPTIONS UNDER MEDICARE PRESCRIPTION DRUG COVERAGE

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

IMPORTANT NOTICE REGARDING WELLNESS INFORMATION

Five Star Wellness is a voluntary program available to benefit eligible employees and is subject to Federal law including the Americans with Disabilities Act and the Genetic Information Nondiscrimination Act.

If you choose to participate, you may be asked to complete a voluntary biometric screening that provides information about your health status and risk for chronic conditions. The voluntary biometric screening will assess your body mass index (BMI), percent body fat, blood pressure, cholesterol, triglycerides, and blood glucose.

The information gathered from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program. You are also encouraged to share your results or concerns with your own doctor.

The law requires us to maintain the privacy and security of your personally identifiable health information. Although the wellness program and Eisenhower Medical Center may use aggregate, non-employee specific information to design a program to address health risks in the workplace, your personal identifiable information will never be disclosed publicly or to your employer. Medical information that personally identifies you in connection with the wellness program will not be disclosed to your supervisors or managers and will never be used to make decisions regarding your employment. Anyone (for example, a registered nurse, a doctor or health coach) who receives information about you for purposes of providing you services a part of the wellness program will abide by the same confidentiality requirements.

All medical information obtained through the wellness program will be maintained in compliance with HIPAA and other applicable laws and regulations. If you have any questions or concerns, please contact your Human Resources Relationship Support Representative at 760.837.8500.

Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: GENERAL INFORMATION

This notice provides you with information about Eisenhower Medical Center in the event you wish to apply for coverage on the Health Insurance Marketplace. All the information you need from Human Resources is listed in this notice. If you wish to have someone assist you in the application process or have questions about subsidies that you may be eligible to receive, you can contact KeenanDirect at 855.653.3626 or at KeenanDirect.com, or contact the Health Insurance Marketplace directly at HealthCare.gov.

WHAT IS THE HEALTH INSURANCE MARKETPLACE?

The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins November 1, 2017 and ends on December 15, 2017.

CAN I SAVE MONEY ON MY HEALTH INSURANCE PREMIUMS IN THE MARKETPLACE?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer you coverage, or offers medical coverage that is not “Affordable” or does not provide “Minimum

Value.” If the lowest cost plan from your employer that would cover you (and not any other members of your family) is more than 9.69% of your household income for the year, then that coverage is not Affordable. Moreover, if the medical coverage offered covers less than 60% of the benefits costs, then the plan does not provide Minimum Value.

DOES EMPLOYER HEALTH COVERAGE AFFECT ELIGIBILITY FOR PREMIUM SAVINGS THROUGH THE MARKETPLACE?

Yes. If you have an offer of medical coverage from your employer that is both Affordable and provides Minimum Value, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s medical plan.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered medical coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

PART B: EXCHANGE APPLICATION INFORMATION

In the event you wish to apply for coverage on the Exchange, all the information you need from Human Resources is listed below. If you wish to have someone assist you in the application process or have questions about subsidies that you may be eligible to receive, you can contact KeenanDirect at 855.653.3626 or at KeenanDirect.com.

Premium Assistance under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2017. Contact your State for more information on eligibility
